

PRESS RELEASE

## **AiDi's FOC ITL Splitters on Display in Telcordia Booth at OFC/NFOEC 2008**

San Diego, CA, February 24, 2008 – AiDi USA is pleased to announce the display of AiDi's 1x16 and 1x32 PLC splitters in Telcordia's booth at OFC/NFOEC 2008. Telcordia Technologies recently qualified these splitters, to comprehensive GR-1209- CORE / GR-1221-CORE test program requirements in accordance with the Verizon FOC ITL Program. Telcordia found that they exhibited performance that was among the best products tested to date. These and other AiDi PLC splitters are in production and have been deployed worldwide in FTTx installations.

"These record-breaking results were no surprise to us, since our manufacturing process is cleverly designed for exceptional quality and reliability with minimal impact to cost," says Kenzo Ishida, President and CEO of AiDi Corporation. "Our customers have also expressed praise in this regard. We welcome the independent confirmation and recognition of this from Telcordia, which literally wrote the book on reliability quality in telecommunications."

The AiDi PLC splitters will be on display at OFC/NFOEC 2008 in Telcordia's booth (#3919, Hall F). The exhibit hall is open on Tuesday (Feb 26) and Wednesday (Feb 27) from 10 am to 5 pm, and Thursday (Feb 28) from 10 am to 4 pm.

### **About AiDi Corporation**

AiDi Corporation is a global company that offers innovative, high-value, Passive Optical Network (PON) products and service. AiDi leads the way to expanding optical network markets and deployments through improved network efficiency and economics. AiDi has exceptional technical leadership in the industry, providing customers with advanced networking options at a lower total cost of ownership. PON components from AiDi are remarkably well suited for harsh environments, as well as highly populated urban centers. All AiDi products are carefully engineered and manufactured to exceed industry standards, resulting in a higher standard for durability and a longer lifetime in the field. The company is privately held, founded by industry pioneers with several U.S. and International Patents Pending. AiDi headquarters is in Japan, with independent operating subsidiaries in China and the United States. All Rights Reserved.
